## Flocabulary Rap- The Age of Exploration

This song takes you back to the Age of Exploration. Circumnavigate the globe with Magellan, and take a ship to India with Vasco da Gama. But if you follow Columbus, you might not end up at the correct destination. Find out who funded Columbus's famous journey to America, and what will happen to your teeth if you run out of oranges. It's our Age of Exploration and Age of Navigation song.

## Slide7

SPANISH EXPLORER:

Check it, it's the 15th Century,  
And we are the Spanish.

PORTUGUESE EXPLORER:

And we are the Portuguese,  
Ships cost money, you know what's priceless?  
If we sailed to Asia and traded with them for their spices,

SPANISH:

And their silver. And their gold.

PORTUGUESE:

Now we could go by land, but that's dangerous and slow.  
We're better off building ships that float.

SPANISH:

That's the best kind of ship!

PORTUGUESE:

Yea, I know!

So Prince Henry is exploring Africa,  
Up and down the west coast, it's so spectacular.  
He leads us Portuguese, and we hit the seas like seaweed,  
And seek what we need.  
We reach the Indian Ocean by 1488.

## Slide8

SPANISH:

And we the Spanish wanted a piece of the cake.  
So Isabella funded Christopher Columbus,  
To sail around the globe, a journey that was wondrous.  
1492 he sailed the ocean blue,  
He didn't find India, "But hey, what am I supposed to do?"  
In America, it started all this drama.

PORTUGUESE:

A few years later, Vasco da Gama,  
Sailed 'round Africa, reached India,  
Finally, opened the trade routes that we really loved.  
And we didn't want to share that with Spain.

SPANISH:

We don't want to share with you either; you guys are lame.

A treaty was signed as they're mapping the planet.

Portuguese claimed the east and left the west to the Spanish,

The Magellan circumnavigated the globe,

And other countries found new places to go.

The French, the English and later the Dutch

Explored to find land few people had touched.

Hoist the sails! Let's do it for our nation,

This is the Age of Exploration!

*We make waves, get out the way,*

*No fear, we go, y'all just stay,*

*Haters gonna hate, and say the world's flat,*

*We hit the seas, and don't look back. (x2)*

SPANISH SAILOR:

Life on a ship? It's no cruise cousin,  
Get up at the crack, no snooze button.  
Rise with the sun, get up early!

PORTUGUESE SAILOR:

I think I'm losing my teeth!

SPANISH:

You probably got scurvy.

And now??let??s sail on back

And now...let's sail on back

To our study guide

Slide10

- What was the name of the possibly earliest civilization in the Americas? Olmec

Slide11

Slide12

- Who built Tenochtitlan? (name of the civilization) Aztecs
- What was unique about this city?
- **On an island in the middle of a lake**

Slide13

- What was the name of one of the most important Mayan cities? **Tikal**
- Which civilizations developed hieroglyphics?  
**Mayans**
- What was the Incas capital city?  
**Cuzco**

Slide14

- What was khipu? strings with knots, different colors & different lengths...used to keep records also used to send messages
- type of communication
- Which civilization used khipu?

Incas use khipu

## Slide15

- What modern day country did the Aztecs settle in?  
• **Mexico**
- What is the Aztecs name for their god?  
• **Huitzilopochtli**

## Slide16

- Did they offer human sacrifice to him?  
**Yes**
- How large was the Aztecs city compared to European cities?  
**larger than most European cities**

Where were these civilizations?

## Slide18

- Who was Prince Henry the Navigator?  
A prince who sent out expeditions but didn't go on any
- Where he was from?  
Portugal
- How many expeditions did he send out?  
Over 50
- Where he was trying to lead expeditions to?  
Wanted to explore Africa

## Slide19

- Names/types of ships and navigation equipment used during the Age of Exploration

- Caravel- type of ship used during the age of exploration  
triangular sails and it was lighter

- Astrolabe

an instrument that the explorers used to help find their latitude while at sea

Quadrant

Slide20

- Who founded the Cape of Good Hope?

**Bartolomeu Diaz**

**Cape of Storms**

Slide21

- Which country supported Columbus's voyage?

Spain

- Where did Columbus think he was?

West Indies

- Where did he really end up?

Caribbean

Slide22

Indies	Caribbean
Where Columbus thought he was	Where he really was
	

Slide23

- Who was the “New World” was named after?

**Amerigo Vespucci**

Slide24

- Who decided where the Line of Demarcation was going to be?

The pope Alexander VI

- What was the Line of Demarcation?

The pope draws a line on the map dividing the world in half for exploration between Spain and Portugal

Slide25

Slide26

- Which explorer sailed to India?

Vasco da Gama

Admiral of the Sea

- What happened on his expedition?

sailed from Portugal to India in about 10 months  
not welcomed in India

\*Who tries to Sail to India??and fails?

## \*Who tries to Sail to India...and fails?

Pedro Cabral

- Where does he 'discover'?

Brazil

\*Who Travels around the World?

# \*Who Travels around the World?

Magellan

What happens on his trip?

Lands in Brazil

travels down the coast of South America

sails through the straight  
straight...crosses the Pacific and makes it to the Philippines  
he dies

The rest of his crew travel back only 18 make it back

\*Magellan's Voyage

The screenshot displays a presentation slide with a light green background. The top-left corner features a white box titled "Unit 5 Lesson 6: Unit Review". Inside this box, there is a paragraph of text and a historical map of the world. Below the text box is a blue navigation bar with a right-pointing arrow icon circled in red. The main content area of the slide is a white box titled "Unit 5 | Lesson 6 A LOOK BACK: Europe Seeks Asia and Meets the Americas". This box contains instructions for the student to follow directions in a Student Guide and click on a link labeled "Seeking Asia", which is also circled in red. At the bottom of the slide, there is another blue navigation bar with a left-pointing arrow icon, a search bar, and a right-pointing arrow icon.
